

Our name has changed, but our commitment to the animals of Lincoln County hasn't.

ANIMAL CARE IS OUR #1 PRIORITY

Lincoln County Animal Shelter and Coastal Humane Society have changed our name to **Midcoast Humane**, the final step in the integration of our shelters that began in 2016. Midcoast Humane provides lifesaving care for ALL stray and surrendered animals in our contracted communities at our Edgecomb and Brunswick locations.

To continue providing second chances to animals of Midcoast Maine, we've updated our adoption program to reach more adopters and to make the most of our limited resources. Adoptable pets are now available with local business partners, at mobile adoption events throughout Lincoln County, and at our Brunswick Campus. We continue to welcome stray and surrendered animals at our Edgecomb location in partnership with your local Animal Control Officer.

Visit midcoasthumane.org to learn more about our changes or reach out to Executive Director Trendy Stanchfield at (207) 449-1366 or tstanchfield@midcoasthumane.org.

Thank you for your continued support... We can't help the animals of Lincoln County without you.
